

The POWER of a "PRIVATE VICTORY"

PRIVATE VICTORY

•1) Be PROACTIVE

- When you take the time to PLAN out your goals and go after something more than you have, it increases your SELF-ESTEEM!
- First part of being COACHABLE - SEEKING OUT THE OPPORTUNITIES and the COACHING

PRIVATE VICTORY

- 2) BEGIN WITH THE END IN MIND
 - This is the entire definition of GOAL-SETTING!
 - If a person doesn't believe that they can stretch to another level they won't even take the time to BEGIN, much less think about the END!

PRIVATE VICTORY

•3) PUT FIRST THINGS FIRST

- What is your Primary Focus and are you staying locked in to making it happen?
- Writing down your goals helps put them in the fore-front of your mind early in the morning!

PRIVATE VICTORY

- All THREE of these things leads to the INDEPENDENCE that's necessary to grow to the next level!
